

SONG STRUCTURE: ANYONE ELSE BUT YOU

This song contains just two major chords, G & C and one strumming pattern.

This song is structured in STROPHIC FORM, also called verse-repeating or chorus form. It is the term applied to songs in which all sections are sung and strummed to the same pattern of music so once you learn this 8-bar phrase (each 4 beats = 1 bar), you can repeat it for the duration of the song. The boxes below represent one bar.

The song is in 4/4-time signature which mean there are 4 beats to each bar so each strumming pattern represents one full bar.
