

STANDARD 12 BAR BLUES SHUFFLE IN C

The standard 12 bar blues shuffle uses the 6th note of the scale to get the desired bluesy sound along with a shuffled rhythm. The small star, played on the 2nd & 4th down stroke of each bar represents the blues note inserts. **Here is the strumming pattern which runs over 2 bars:**

<p>1</p>	<p>2</p>
